Independent Auditors' Report

The Board of Trustees Woodmere Art Museum, Inc. Philadelphia, Pennsylvania

Opinion

We have audited the financial statements of Woodmere Art Museum, Inc., which comprise the statements of financial position as of December 31, 2021 and 2020, and the related statements of activities and changes in net assets, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of Woodmere Art Museum, Inc. as of December 31, 2021 and 2020, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis of Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of Woodmere Art Museum, Inc. and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audits. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about Woodmere Art Museum, Inc.'s ability to continue as a going concern for one year after the date that the financial statements are issued.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
 procedures that are appropriate in the circumstances, but not for the purpose of
 expressing an opinion on the effectiveness of Woodmere Art Museum, Inc.'s internal
 control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about Woodmere Art Museum, Inc.'s ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Horsham, Pennsylvania

Notes to Financial Statements December 31, 2021 and 2020

(1) Nature of Organization

Woodmere Art Museum, Inc. (the Museum) is a not-for-profit institution whose official mission statement is to inspire creativity, learning, and self-expression through experiences with the art and artists of Philadelphia and the region.

In October 2021, the Museum purchased a 19th century mansion (see Note 5) which, once renovated, will expand the Museum and serve as gallery space for the Museum's permanent collection of works by Philadelphia artists, as well as a hands-on children's art and education center, a museum cafe, and public programming spaces.

In July 2020, the Museum elected to participate as a member of the Philadelphia Collaborative Arts Consortium (PHL CAC). The PHL CAC is a network of mid-sized museums formed with the strategy to raise general operating support from sources that individual members otherwise could not access, to affect a continued pooling of resources, and to share programmatic and operational opportunities among the network.

The Museum acts as Fiscal Sponsor for the PHL CAC until such time the PHL CAC establishes its own tax-exempt status under Internal Revenue Code 501(c)(3). As Fiscal Sponsor of the PHL CAC, the Museum is responsible for the legal compliance of receiving, reporting, and acknowledging charitable donations. For the years ended December 31, 2021 and 2020, the Museum did not receive any contributions for the PHL CAC.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The Museum's financial statements have been prepared in accordance with Financial Accounting Standards Board (FASB) *Accounting Standards Codification* (ASC) 958, *Not-for-Profit Entities*. The significant accounting and reporting policies used by the Museum are described subsequently to enhance the usefulness and understandability of the financial statements.

Basis of Presentation

Net assets, revenues, gains, and losses are classified based on the existence or absence of donor or grantor-imposed restrictions. Accordingly, net assets and changes therein are classified and reported as follows:

Net Assets Without Donor Restrictions – Net assets available for use in general operations and not subject to donor (or certain grantor) restrictions. The governing board has designated, from net assets without donor restrictions, net assets for an operating reserve and a board-designated endowment.

Notes to Financial Statements December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies, Continued

Basis of Presentation, Continued

Net Assets With Donor Restrictions – Net assets subject to donor- (or certain grantor-) imposed restrictions. Some donor-imposed restrictions are temporary in nature, such as those that will be met by the passage of time or other events specified by the donor. Other donor-imposed restrictions are perpetual in nature, where the donor stipulates that resources be maintained in perpetuity.

Cash Equivalents

All highly liquid interest-bearing deposits with initial maturities of three months or less are considered to be cash equivalents.

Revenue Recognition

Revenues are recognized when control of the promised goods or services is transferred to the customer in an amount that reflects the consideration the Museum expects to be entitled to receive in exchange for those goods and services. The Museum applies the five-step revenue model under FASB ASC 606, *Revenue from Contracts with Customers*, to determine when revenue is earned and recognized.

Exchange Revenues

The Museum recognizes revenue from educational programs, other programs, and store sales when performance obligations are satisfied. The performance obligations are fulfilled, and revenue is recognized, when admission is delivered to the customer or goods are transferred to the customer. Program fees paid in advance are recorded as deferred revenue and recognized when admission is delivered to the customer.

Contributions and Grants

The Museum records cash and unconditional promises to give as revenue in the period received. Unconditional contributions are recorded at the net present value of the amounts expected to be collected. Conditional contributions are recognized as revenue when the conditions on which they depend are substantially met.

The Museum reports contributions restricted by donors as increases in net assets without donor restrictions if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in net assets with donor restrictions, depending on the nature of the restrictions. When a restriction expires, net assets with donor restrictions are reclassified to net assets without donor restrictions and reported in the statements of activities as net assets released from restrictions.

Notes to Financial Statements December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies, Continued

Donated Services

Many individuals volunteer their time and perform a variety of tasks that assist the Museum with specific programs and various committee assignments. Donated services are not recognized in the financial statements unless the services create or enhance a non-financial asset or require specialized skills and would typically need to be purchased if not donated. For services that meet this criteria, the Museum records revenue and corresponding expense for these donated services based on market rates for equivalent services. The Museum recorded donated services totaling \$27,930 and \$1,504 for the years ended December 31, 2021 and 2020, respectively.

Land, Building and Equipment

The Museum records land, building and equipment additions over \$2,000 at cost. Donated property and equipment are recorded at their fair value at the date of receipt. Costs for maintenance and repairs are charged to expense. Depreciation of property and equipment is provided on a straight-line basis over each asset's estimated useful life, ranging from 3 to 40 years.

Investments

Investments in mutual funds and Exchange Traded Funds (ETFs) with readily determinable fair values are stated at fair value in the statements of financial position. Certificates of deposit are valued at amortized cost, which approximates fair value. Net investment return is reported in the statements of activities and consists of interest and dividend income, realized and unrealized capital gains and losses, less direct internal investment expenses. Specifically identified cost is used to determine the gain or loss for investments sold.

The Board of Trustees is allowed to appropriate so much of the net appreciation of the endowment funds as is prudent considering the Museum's long and short-term needs, present and anticipated financial requirements, expected total return on its investments, price level trends, and general economic conditions.

Collections

The Museum's collections are made up of works of art, artifacts of historical significance, and art objects that are held for educational and curatorial purposes. Each of the items is cataloged, preserved, and cared for, and activities verifying their existence and assessing their condition are performed continuously.

Notes to Financial Statements December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies, Continued

Collections, Continued

In conformity with the practice adopted by many museums and in accordance with the provisions of FASB ASC 958-605, the Museum does not capitalize donated works of art and collections or recognize them as revenues or gains. FASB ASC 958-605 provides that such donations need not be recognized if they are added to collections that are held for public exhibition, education, or protected unencumbered, cared for, and preserved. The Museum has a policy that requires the proceeds from sales of collection items to be used to acquire other items for its collection and/or the direct care and preservation of the Museum's existing collections. Direct care includes investing in the existing collection to enhance the life, usefulness, or quality, and thereby ensuring the collection will continue to benefit the public. The cost of all objects purchased is reported as a separate program expense. All such items on hand are currently insured for approximately \$20,000,000.

Functional Allocation of Expenses

The financial statements report certain categories of expenses that are attributed to more than one program or supporting function. Therefore, expenses require allocation on a reasonable basis that is consistently applied. Personnel and certain organizational costs are allocated based on time and effort. Facility costs are allocated based on square footage.

Use of Estimates

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Accordingly, actual results could differ from those estimates.

Notes to Financial Statements December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies, Continued

Fair Value Measurements

FASB ASC 820, Fair Value Measurements and Disclosures, establishes a framework for measuring fair value in generally accepted accounting principles, and expands disclosure about fair value measurements. FASB ASC 820 requires that assets and liabilities carried at fair value be classified and disclosed in one of the following three categories:

- Level 1: Quoted market prices in active markets for identical assets or liabilities.
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data.
- Level 3: Unobservable inputs that are not corroborated by market data.

The asset or liability's fair value measurement level within the fair value hierarchy is based on the lowest level of any input that is significant to the fair value measurement. Valuation techniques used need to maximize the use of observable inputs and minimize the use of unobservable inputs.

The methods described may produce fair value calculations that may not be indicative of net realizable value or reflective of future fair values. Furthermore, while the Museum believes its valuation methods are appropriate and consistent with other market participants, the use of different methodologies or assumptions to determine the fair value of certain financial instruments could result in a different fair value measurement at the reporting date. There have been no changes in the methodologies used at December 31, 2021 and 2020.

Concentrations of Credit Risk

Financial instruments which potentially subject the Museum to concentrations of credit risk consist principally of cash and investments. The Museum's cash is secured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000 per institution. From time to time, the Museum maintains cash balances in excess of insured limits. However, management does not believe it is exposed to any significant credit risk on cash.

The Museum invests in various investment securities that are exposed to various risks such as interest rate, market, and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect account balances and the amounts reported in the statements of financial position. The Board of Trustees has implemented an investment policy intended to mitigate the investment risk. The policy sets forth the range of asset allocation to consist of 57-77% of equity investments, 10-30% of fixed income securities, 0-20% of cash, and 0-18% of alternative investments.

Notes to Financial Statements December 31, 2021 and 2020

(2) Summary of Significant Accounting Policies, Continued

Income Tax Status

The Museum is exempt from federal and state income taxes under Section 501(c)(3) of the Internal Revenue Code (IRC) as described in Section 509(a)(2) of the IRC and similar state statutes; therefore, no provision for income taxes is included in the accompanying financial statements.

The Museum files Federal Form 990, Return of Organization Exempt from Income Tax, on an annual basis and is no longer subject to U.S. federal or state income tax examinations by tax authorities for years before 2017. Based on the Museum's assessment of many factors, including past experience, the Museum does not currently anticipate significant changes in its tax positions over the next 12 months.

Subsequent Events

The Museum has performed an evaluation of subsequent events through June 7, 2022, which is the date the financial statements were available to be issued.

On April 13, 2022, the Maguire Foundation pledged \$10,000,000 to the Museum in memory of Francis M. Maguire. The funds are to be used for renovating the recently acquired property at 9001 Germantown Avenue, Philadelphia, PA. In recognition of the gift, the Museum will name the property the "Francis M. Maguire Hall for Art and Education at Woodmere Art Museum".

(3) Liquidity and Availability

For purposes of identifying assets available to meet expenditures over the next 12-month period, the Museum considers anticipated expenditures budgeted to meet the operational and programmatic goals for the forthcoming year.

Notes to Financial Statements December 31, 2021 and 2020

(3) Liquidity and Availability, Continued

Financial assets available for general expenditure, that is, without donor restriction or other restrictions limiting their use, within one year of the statement of financial position date comprise the following at December 31:

	2021	2020
Cash and cash equivalents	\$ 1,226,965	\$ 508,512
Contributions receivable	424,578	270,934
Other receivables	71,474	16,897
Budgeted distributions from beneficial interest in assets held by others	111,036	115,015
Budgeted endowment spending-rate distributions and appropriations	423,891	384,473
Less those unavailable for general expenditures within one year:		
Due to donor-imposed purpose restrictions	(174,997)	(159,626)
	\$ 2,082,947	\$ 1,136,205

The Museum receives contributions with donor restrictions to be used in accordance with the associated purpose restrictions. It also receives gifts to establish endowments that will exist in perpetuity; the income generated from such endowments is used to fund programs. In addition to financial assets available to meet general expenditures over the next 12 months, the Museum operates with a balanced budget and anticipates collecting sufficient revenue to cover budgeted expenditures.

As part of the Museum's liquidity management plan, the Museum invests cash in excess of daily requirements in short-term investments, CDs, and money market funds. Occasionally, the Board designates a portion of any operating surplus for capital improvements and other future projects, which was \$2,300,905 and \$2,214,787 at December 31, 2021 and 2020, respectively. This fund can be drawn upon in the event of financial distress or an immediate liquidity need resulting from events outside of the typical life cycle of converting financial assets to cash or settling financial liabilities. In the event of an unanticipated liquidity need, the Museum could also draw upon the \$400,000 available line of credit (as further discussed in Note 8).

(4) Contributions Receivable, Net

Contributions receivable were as follows as of December 31:

	2021	2020
Less than one year	\$ 2,083,483	\$ 270,934
More than one year	2,169,054	252,072
Total	4,252,537	523,006
Less: discounts to net present value	38,824	-
Contributions receivable, net	\$ 4,213,713	\$ 523,006

Notes to Financial Statements December 31, 2021 and 2020

(5) Land, Building, and Equipment, Net

Land, building, and equipment, net, consisted of the following as of December 31:

	2021	2020
Land, building, and improvements	\$7,650,138	\$5,310,088
Parking lot / Stormwater	1,686,577	1,686,577
Furniture and fixtures	72,380	72,380
Equipment	140,110	143,823
Vehicle	18,944	18,944
Construction-in-progress	337,438	146,373
	9,905,587	7,378,185
Accumulated depreciation	(3,390,329)	(3,172,945)
	\$6,515,258	\$4,205,240

On October 28, 2021, the Museum acquired real estate at 9001 Germantown Avenue, in Philadelphia, Pennsylvania, for a total purchase price of \$2,256,865.

(6) Fair Value Measurements

The following is a summary of assets measured at fair value on a recurring basis and the valuation inputs used to value them at December 31:

	Assets at Fair Value as of December 31, 2021							
		Total Level 1		Level 2		Level 3		
Cash, at cost	\$	2,441,985	\$	-	\$	-	\$	-
Certificates of deposit		878,546		-		878,546		-
Mutual funds:								
Fixed income		1,932,594		1,932,594		-		-
Equity:								
Domestic		5,501,652		5,501,652		-		-
International		1,504,967		1,504,967		-		-
Commodities ETFs		375,361		375,361		-		-
Real estate ETFs		474,789		474,789		-		-
Perpetual trust		3,452,975		-		-	3	,452,975
Total assets at fair value	\$	16,562,869	\$	9,789,363	\$	878,546	\$ 3	,452,975

Notes to Financial Statements December 31, 2021 and 2020

(6) Fair Value Measurements, Continued

Assets at Fair Value as of December 31, 2020				
1 Level 2 Level 3				
- \$ - \$ -				
- 935,651 -				
271				
927				
273				
482				
598				
3,217,737				
551 \$ 935,651 \$ 3,217,737				

The Museum's investments in commodities ETFs and real estate ETFs are valued at the closing price reported on the active market in which the investments are traded.

The Museum's mutual funds are valued at the daily closing price as reported by the fund. Mutual funds held by the Museum are open-ended mutual funds that are registered with the Securities and Exchange Commission. These funds are required to publish their daily net asset value and to transact at that price. The mutual funds held by the Museum are deemed to be actively traded.

The Museum invests in certificates of deposit (CDs), which are valued at amortized cost, which approximates fair value, and are classified within Level 2.

The fair value of the beneficial interest in perpetual trust is based on the fair value of the assets held by the trust.

(7) Beneficial Interest in Perpetual Trust

The Museum is the beneficiary under a perpetual trust administered by Wells Fargo Bank. The bank is to invest and manage the trust's assets in perpetuity. The Museum is the sole beneficiary of the perpetual trust, and each year receives a bank approved percentage (currently 4.0%) of the total trust assets held in perpetuity. The Museum has recorded the beneficial interest in the perpetual trust at fair value as a net asset with donor restrictions. Fair value is determined based on the underlying assets of the trust. Changes in the fair value of the assets and related investment income are recognized as change in fair value of perpetual trust in the accompanying statements of activities.

Notes to Financial Statements December 31, 2021 and 2020

(8) Line of Credit

The Museum has a \$400,000 bank line of credit. Interest on outstanding borrowings is payable monthly at an annual rate of 3.25%. Borrowings are collateralized by a deposit account at the bank for \$400,000. The outstanding borrowings under the line of credit were \$179,550 and \$204,750 at December 31, 2021 and 2020, respectively. The line of credit expires on August 31, 2022.

(9) Long-Term Debt and Interest Rate Swap Agreement

Note Payable

The Museum has a \$730,000 note payable, with a balance of \$431,355 and \$461,604 at December 31, 2021 and 2020, respectively, due in equal monthly principal installments of \$2,522 plus interest, with a balloon payment due on March 16, 2023. Interest on the note is at a fixed rate of 2.45%. The note is collateralized by a deposit account at the bank that approximates the outstanding balance. Management expects to apply future funding from the Museum's capital campaign to repay the principal balance.

Revolving Credit Line and Interest Rate Swap Agreement

In September 2021, the Museum entered into a revolving credit line agreement for \$2,200,000. Before entering into an interest rate swap agreement, the credit line was payable in monthly installments of interest at the one-month LIBOR and was due on demand. The credit line is secured by a portion of the Museum's brokerage account held at Glenmede Trust Company, as defined by the credit line agreement. At December 31, 2021, the balance of the revolving credit line was \$2,173,810.

In November 2021, the Museum entered into an interest rate swap agreement to manage its interest rate risk on the revolving credit line. Under the terms of the swap agreement, the Museum pays monthly installments of principal in the amount of \$26,190 plus interest at a fixed rate of 2.82%, and both the credit line and the swap agreement mature in November 2028. The floating rate option for each calculation period under the interest rate swap agreement is the one-month USD-LIBOR-BBA with a spread of 1.40%. The effective interest rate at December 31, 2021 was 2.90%. The outstanding notional principal balance of the swap agreement was \$2,173,810 at December 31, 2021. The fair value of the Museum's interest rate swap agreement at December 31, 2021 was \$(22,267) and is classified within Level 2 under FASB ASC 820.

Notes to Financial Statements December 31, 2021 and 2020

(9) Long-Term Debt and Interest Rate Swap Agreement, Continued

By using a derivative instrument, the Museum is exposed to credit risk. If the counterparty fails to perform, credit risk is equal to the extent of the fair value gain in a derivative. When fair value of a derivative contract is positive, this generally indicates that the counterparty owes the Museum, and therefore, creates a repayment risk for the Museum. When the fair value of a derivative is negative, the Museum owes the counterparty, and therefore, it has a repayment risk. The Museum minimizes credit risk in derivative instruments by entering into transactions with highly-rated counterparties.

Long-term debt was as follows at December 31:

Note payable	\$ 431,335
Revolving credit line	2,173,810
	2,605,145
Less: Current maturities	344,544
	\$ 2,260,601

Aggregate future maturities of long-term debt are as follows:

Year Ending				
December 31,	-	Amount		
2022	\$	344,544		
2023		715,351		
2024		314,280		
2025		314,280		
2026		314,280		
Thereafter		602,410		
	\$	2,605,145		

(10) Board Designated Assets

Board designated net assets are designated for the following purposes at December 31:

Acquisition of art for permanent collection	
Building improvements and operations	

 2021	2020
\$ 152,407	\$ 223,136
3,553,883	3,367,930
\$ 3,706,290	\$ 3,591,066

Notes to Financial Statements December 31, 2021 and 2020

(11) Net Assets with Donor Restrictions

Net assets with donor restrictions are restricted for the following purposes or periods at December 31:

	 2021	2020
Subject to expenditure for specified purposes:		
Art acquisitions	\$ 16,157	\$ 16,784
Juried prizes	24,837	19,120
Art scholarships	9,737	6,702
Education	62,976	36,859
Exhibits	93,880	152,084
Strategic advancement	525,942	601,966
Francis M. Maguire Hall for Art and Education at Woodmere Art Museum	4,316,265	-
Capital improvements	100,000	-
Outdoor Experience	751,791	307,462
Film series	 9,217	8,081
	5,910,802	1,149,058
Subject to the passage of time:		
Subsequent year operations	 200,000	
Endowments:		
Subject to Museum's endowment spending policy and appropriation:		
Various department salaries	3,889,923	3,583,663
Scholarships	79,405	75,001
Juried prizes	60,605	60,605
Exhibition	512,897	-
Archives	282,167	259,743
Art conservation	160,613	147,746
Education	305,842	281,129
Other programs	 137,918	131,900
	5,429,370	4,539,787
Not subject to spending policy or appropriation:		
Beneficial interest in a perpetual trust	 3,452,975	3,217,737
Total net assets with donor restrictions	\$ 14,993,147	\$ 8,906,582

Notes to Financial Statements December 31, 2021 and 2020

(12) Endowment

The Museum accounts for its endowment established by donors and its board designated funds in accordance with FASB Staff Position 117-1, Endowments of Not-for-Profit Organizations: Net Asset Classification of Funds Subject to an Enacted Version of the Uniform Prudent Management of Institutional Funds Act (UPMIFA) and Enhanced Disclosures for All Endowment Funds now incorporated in FASB ASC 958-205. The Commonwealth of Pennsylvania has not yet adopted the provisions of the UPMIFA, but the Museum is required by FASB ASC 958-205 to disclose certain matters associated with its endowment funds. Endowment funds subject to FASB ASC 958-205 include all net assets with donor restrictions held in perpetuity, with the exception of the beneficial interest in perpetual trust; the income generated by those endowment funds held in perpetuity, subject to donor restrictions; and board designated net assets. Management of the Museum does not consider any other fund to be subject to FASB ASC 958-205.

The Museum used a 5.0% spending rate in 2021 and 2020, to determine the amount of donor-restricted endowment earnings to be allocated to operations, from internally managed endowments. The spending rate, which is subject to review by the Museum's Board of Directors, is applied to a moving average of annual donor-restricted endowment levels over the period of three years. In addition, all distributions from outside trusts are credited to operations. During the year ended December 31, 2021, the Museum suspended certain operating draws in order to preserve the endowment.

The use of income from certain donor restricted endowment funds is subject to donor-imposed restrictions. Dividends, interest, and net realized gains on these assets, net of withdrawn funds for unrestricted purposes, are recorded as increases in net assets without donor restrictions.

The following tables summarize the changes in endowment net assets for the years ended December 31:

2021

		2021	
	Board	With Donor	_
	Designated	Restrictions	Totals
Beginning of year	\$ 3,591,066	\$ 4,605,586	\$ 8,196,652
Contributions	6,200	500,750	506,950

End of year	\$ 3,591,066	\$ 4,605,586	\$ 8,196,652

(13) Paycheck Protection Program

In 2020, the Museum received a loan in the amount of \$256,870, from a bank pursuant to the Paycheck Protection Program (PPP) Phase 1, administered by the United States Small Business Administration (SBA) and authorized by Keeping American Workers Employed and Paid Act, which is part of the Coronavirus Aid, Relief, and Economic Security Act, enacted on March 27, 2020. The PPP was established to provide economic stimulus and funding to businesses affected by the COVID-19 pandemic.

The Museum elected to account for the PPP proceeds under the FASB ASC 958-605 conditional contribution model. In accordance with ASC 958-605, conditional promises are not recognized until they become unconditional, that is when the conditions on which they depend are substantially met. Accordingly, the proceeds were recorded as a refundable advance upon receipt and recognized systematically as grant revenue over the periods in which the Museum recognized as expenses the related costs for which the grant was intended to compensate.

During the year ended December 31, 2020, the Museum met all conditions of PPP Phase 1 and recognized other income in the amount of \$256,870. In February 2021, the Museum received notification from the SBA and its primary lender that PPP Phase 1 was forgiven in its entirety.
